

Youngstown State University is a state-assisted, urban institution of higher education which primarily, but not exclusively, serves the students of northeastern Ohio and western Pennsylvania.

The University has an enrollment of approximately 13,100 (head-count) in a wide variety of programs ranging from 2-year associate degrees to the Doctor of Education degree.

Schools and colleges of the University are the College of Liberal Arts and Social Sciences, the College of Business Administration, the College of Education, the College of STEM, the College of Fine and Performing Arts, the College of Health and Human Services, and the School of Graduate Studies and Research.

The campus, located north of downtown Youngstown, is compact and carefully designed, with most of the major structures being new or recently renovated. The Physical Plant is valued at approximately \$320 million.

The city of Youngstown is located between Cleveland and Pittsburgh. The Youngstown-Warren area has a population in excess of 500,000 and offers the usual amenities of urban living but few of the problems of the big city. All types of housing are available within a 30-minute drive of the campus, and housing costs in the Youngstown area are significantly lower than in most metropolitan areas.
